

NEWSLETTER 4 – March 2012

NEWIP | Seminars 2012

The second [NEWIP seminars](#) will take place in Budapest. Between the 3rd and the 5th of May, we will organize the Party+ info session and seminar, a training session for volunteers and the Standard Workgroup meeting.

NEWIP | Training & Field interventions

We are happy to announce that the two summer interventions are now confirmed. The NEWIP team will be present at the [Boom Festival](#) in Portugal and at the [Outlook and Dimension Festivals](#) in Croatia.

A training session for all team members will take place during the NEWIP seminars in Budapest from the 3rd (in the evening) to the 6th of May 2012. To apply, the candidates have to fill in the [application form](#) and to send it back by email to coordination@technoplus.org and training@drugscouts.de before the 8th of March 2012. NEWIP will cover all costs for the training seminar and the intervention including travel, accommodation and food. More info on our [website](#) and on the [info sheet](#) !

The electronic versions of the NEWIP leaflet “Drug, Party, Pleasure and Risks” are now available in [English](#), [Romanian](#) and German. The Croatian and Portuguese version will be available soon. Printed versions are also available under conditions. If you are interested, please contact us (coordination@technoplus.org).

NEWIP | TEDI

The TEDI members are proud to present the launch of the TEDI website (www.tediproject.org).

The goals of this website are:

- To present the TEDI project and the partners involved.
- To collect all the current and relevant data related to Drug Checking.

The first TEDI newsletter will be published by the end of March 2012. If you are interested in the project and want regular updates, contact us (mireia@energycontrol.org) and we will email you our Newsletter.

NEWIP | Standards

One of the aims of the Good practice and standard integration workgroup is to write a guideline for peer education in nightlife settings which contains a framework on how to develop and implement a best practice intervention. To write a useful and complete guideline the partners have started to collect information on working methods, experience, contextual factors and evidence of effectiveness of as many on site and online peer education interventions as possible. If you work for a peer led intervention or you know of any peer led interventions in your country please contact Judith Noijen (judith.noijen@jellinek.nl).
