

## Information sheet for volunteers applying for 3rd Training Session and Intervention NEWIP 2013

*Dear Volunteer,*

*you decided to apply for a place for the training session and intervention of the NEWIP project in 2013. We are happy to know that you want to be part of the NEWIP activities.*

*To spare you and us disappointment please read the following text very carefully before you start filling out the application.*

*The Training will be full time for 2,5 days and at the intervention you will have to work 8 hours a day (in one or two shifts) for a period of 5-7days under conditions which might not be easy. Additionally, you will be expected to keep on working after the training and the interventions (eg. work on documents developed in the trainings session) and take part (also from home) in the evaluation process and pass on info to your fellow volunteers. You will be expected to stay in budget accommodation (double or triple rooms) for the training session and in tents on the festival side.*

*Please think carefully if your level of commitment fits these requirements.*

*If you miss full or part of the training/interventions by your own fault (not including illness and so on). You or your project will have to pay all the expenses for travel and accommodation on your/its own.*

*At one point we will ask for the experience you have in harm reduction party work. If you have no experience it is not necessarily a reason for exclusion. Also people from countries/cities where no harm reduction party project is established yet are welcome to apply. However, there should be already plans in progress to set up a harm reduction party work project/group (ask us for details if not sure).*

*Basic knowledge about party culture and drugs are a requirement since we will not train you on substances and harm reduction work in general. Your level of English should be sufficient to follow the seminar and take an active part. Don't be shy if your English is not perfect but make sure you will be able to work within an English speaking group.*

*If you want to take part in the training and intervention your organisation/project has to become a collaborating partner of the NEW – Implementation Project.*

*[see NEW IP Website for Details : <http://www.safernightlife.org/collaborating-partners>]*

*Please fill out the application in the document or by hand, scan it and/or send it back to us by mail. Only application that reach us in time (**10<sup>th</sup> April**) will be considered (you don't have to sent back the information sheet).*

*Beside that we guarantee that you will have the chance to meet many nice people and have a lot of fun!*

*Yours work package managers Emilie and Katrin*
